

Day 1

09:00 - 09:05	Housekeeping, platform & schedule Introduction by host Conference welcome and opening remarks	Kim McAllister Jonathan Grant & Kevin Bampton
	Automated Measurement of Airborne Asbestos <i>Developers of automated airborne asbestos measurement systems present their instruments and describe their individual approaches</i>	
09:15 - 09:30	Introduction	tbc
09:30 - 09:50	Frontier Microscopy	Jordan Gruber
09:50 - 10:10	Ethos Environmental	Brian Gardner
10:10 - 10:10	xRapid	David Mendels
10:30 - 11:00	Panel discussion	All Speakers
11:00 - 11:15	15 minute break	
11:15 - 11:35	Fluorescence microscopy	Laurie Davies & Daniel Barrowcliffe
11:35 - 11:55	Reduced filter area sampling	Robin Howie
11:55 - 12:20	Spread caused by Asbestos Cement and monitoring to determine risk levels.	Colette Willoughby
12:20 - 12:45	Measurement of exposure within enclosures: 'A look at removal operative exposure generally'	Daniel Barrowcliffe
13:00 - 14:00	Lunch 1 hour	
	ECHA - Sharing FAAM Response	
14:00 - 14:25	tbc	tbc
14:25 - 14:55	European Chemical Agency (ECHA) Assessment for Asbestos: Where the risk science stands?	Andrey Korchevskiy
14:55 - 15:25	Updating the Hodgson and Darnton (2000) asbestos risk model to take account of updated epidemiological data for the amphiboles and ONS' predicted life expectancies	Robin Howie
15:25 - 15:40	15 minute break	

15:40 - 16:05 Are all asbestos types the same? **Garry Burdett**

16:05 - 16:30 Comparison of available analytical techniques (practicality - v- sensitivity) for measurement of airborne asbestos **James Staff**

16:30 - 16:50 tbc **tbc**

16:50 - 17:00 **Day 1 Round Up** **Jonathan Grant**

Day 2

09:00 - 09:05	Housekeeping, platform & schedule Introduction by host	Kim McAllister
09:05-09:35	The Realities of the UK's Shameful Asbestos Legacy – A Clinical Perspective	Liz Darlington <i>Mesothelioma UK</i>
09:35 - 10:05	Mesothelioma current treatment strategies	Professor Nicholas Maskell
10:05 - 10:35	Research to benefit the care of people diagnosed with mesothelioma and their families	tbc
10:35 - 10:50	15 minute break	
10:50 - 11:20	The role of the expert in asbestos claims	Tracy Boyle
11:20 - 11:50	Asbestos and the changing face of control over the decades	Martin Stear
11:50 - 12:20	Asbestos claims and case law	tbc
12:30 - 13:30	Lunch 1 Hour	
13:30 - 13:40	Qualifications Update	Colette Willoughby
	Duty to Manage	
13:40 - 14:00	What LARCs need/require from clients	Doug Kelly
14:00 - 15:40	Women as asbestos professionals: the pitfalls and challenges. Problem areas challenging on-site female workers	tbc
15:40 - 15:55	15 minute break	
15:55 - 16:15	25 year old "NEW" technology, Global Progress for the Destruction of Asbestos	Dale Timmons <i>ARI Global Technologies</i>
16:15 - 16:35	Nett Zero Carbon in the Licensed Asbestos Industry	Graham Warren
16:35 - 16:45	Conference Round up	Jonathan Grant
