

Day 1

09:00 - 09:15 Welcome & Introduction

**Kim McAllister
& Kevin Bampton**

Automated Measurement of Airborne Asbestos: Developers of automated airborne asbestos measurement systems present their instruments and describe their individual approaches

09:15 - 09:30 Introduction

Martin Harper

09:30 - 09:50 Frontier Microscopy

Jordan Gruber

09:50 - 10:10 Ethos Environmental

Brian Gardner

10:10 - 10:30 xRapid

David Mendels

10:30 - 11:00 Panel discussion

All Speakers

11:00 - 11:15 15 minute break

11:15 - 11:40 Assessment of an alternative method of measuring asbestos fibres in air

Laurie Davies

11:40 - 12:05 Reduced filter area sampling

Robin Howie

12:05 - 12:30 Asbestos Cement – How Much of a Problem is it Really?

Colette Willoughby

12:30 - 12:55 Removal operative exposure during licensed work

Daniel Barrowcliffe

13:00 - 14:00 Lunch 1 hour

ECHA - Sharing Faculty of Asbestos Assessment and Management Response

14:00 - 14:05 Introduction to ECHA

Kevin Bampton

14:05 - 14:35 Thoughts on the epidemiology underlying ECHA's Risk Assessment report -- How do different analyses of the same epidemiological data reach such different conclusions?

John Hodgson

14:35 - 15:05 Some asbestos risk model factors not included in the ECHA report

Robin Howie

15:05 - 15:35 European Chemical Agency (ECHA) Assessment for Asbestos: Where the risk science stands?

Andrey Korchevskiy

15:35 - 15:50 Break

15:50 - 16:00 The ECHA Opinion

Garry Burdett

16:00 - 16:15 ECHA Opinion Ramifications

Graham Warren

16:15 - 16:40 Are all asbestos types the same?

Garry Burdett

16:40 - 16:50 HSG248 Webinar round-up

Jonathan Grant

16:50 - 17:00 Day 1 Round Up

Jonathan Grant

Day 2

09:00 - 09:05	Housekeeping, platform & schedule Introduction by host	Kim McAllister
09:05-09:35	The Realities of the UK's Shameful Asbestos Legacy – A Clinical Perspective	Liz Darlison
09:35 - 10:05	Mesothelioma current treatment strategies	Professor Nicholas Maskell
10:05 - 10:35	Research into the Impact of Mesothelioma and Healthcare Needs	Professor Angela Tod
10:35 - 10:50	15 minute break	
10:50 - 11:20	The role of the expert in asbestos claims	Tracy Boyle
11:20 - 11:50	Asbestos and the changing face of control over the decades	Martin Stear
11:50 - 12:20	Asbestos claims and case law	David Platt QC
12:20 - 13:30	Lunch 1 Hour 10 minutes	
13:30 - 13:40	Qualifications Update	Colette Willoughby
13:40 - 14:10	What LARCs need/require from clients	Doug Kelly
14:10 - 15:00	Female analysts and 4 stage clearance testing	Colette Willoughby
15:00 - 15:25	General challenges to site analysts	Sara Mason
15:25 - 15:40	Break	
15:40 - 16:05	TCCT: A 25-Year-Old "New" Technology & Global Moves Toward Asbestos Waste Eradication	Dale Timmons
16:05 - 16:30	Nett Zero Carbon in the Licensed Asbestos Industry	Graham Warren
16:30 - 16:45	Conference Round-up	Jonathan Grant
